## IN CAMP

I have a tent in my back yard.  
And there I camp.  
There are no drawbacks on the card;  
It isn't damp.  
There are no "chiggers," if you please.  
To give one quakes.  
There are no aggravating fleas  
Nor any snakes.  
I have no views about my lot  
That I'd revamp.  
It makes a satisfying spot  
In which to camp.

NO TRUTH IN STORY THAT EX-  
CURSION STEAMER, HOMER  
SMITH, WAS SUNK RE-  
CENTLY

In a telegram to the Ledger yesterday Griff T. Smith, postmaster of Point Pleasant, and a stockholder in the company which owns the big excursion steamer, Homer Smith, stated that there was no truth in the report that the boat had been sunk. Late last week the report was circulated through practically all Ohio valley newspapers. How the report originated has not been learned.

## HIGH SCHOOL EXAMINATION

On Saturday, August 25th, there will be held the entrance examination to the Maysville High School. This examination will begin at 8:30 a. m. and will continue until 4 p. m.

The examination will include questions in Eighth Grade Spelling, Grammar, United States History, Geography and Arithmetic.

All pupils who have completed the Common School subjects but do not have either a Common School Diploma from the County Superintendent or a Certificate from the Maysville Public Schools will be required to take this examination before entering the High School.

## NOTICE

All persons indebted to the Mason Lumber Company will please call at my residence 522 West Second street and settle, if settlement is not made within 15 days claims will be placed in hands of attorney for immediate suit. All parties having claims against the above firm will present them to me. AMOS A. McLAUGHLIN.  
20-2wks.

The County Exemption Board was busy all day yesterday but made no announcement of its action on claims for exemption. These will probably be announced some time today.

## VERDUN LINE

Attack on Both Sides of Meuse on Front Eleven Miles Long—English Repulse Enemy.

Paris, August 20 — A smashing French victory on the Verdun front is recorded in the official communication from the war office tonight. The French have captured the enemy defenses on both sides of the Meuse over a front of more than eleven miles penetrating the German line at several points to a depth of a mile and a quarter. More than 4,000 unwounded German prisoners were taken.

The French took the offensive this morning on the Verdun front, striking along a sector of eleven miles on both banks of the Meuse River. Early official reports from Paris, while giving few details of the battle, say it has developed to the advantage of the French and that prisoners already are passing to the rear.

The first reports do not show whether the French have inaugurated a major offensive, although the indications are that the operation is an unusually important one. There has been sharp fighting recently on the Verdun front, which has been the scene of some of the most sanguinary struggles of the war. It was in this sector that the German Crown Prince launched an offensive early last year in an attempt to break the French line.

Last week the Germans made a sharp local attack there, possibly having learned of the French preparations and hoping to break them up. For several days the French have been conducting a terrific bombardment of the German lines.

In the north the Germans made a counter attack on the positions taken yesterday by the British near Epheby. London reports that the assault was repulsed completely. The British line on the Poper front has been advanced slightly.

Heavy fighting is in progress on the Italian front. The Austrian War Office announced yesterday that a general offensive had been inaugurated by the Italians on a thirty-seven-mile front from the region of Tolmino to a point near the Adriatic. The Italian official statement of yesterday did not mention the attack, but press dispatches from Rome today speak of the new Italian advance and say the situation for Austria is grave.

Another great aerial raid over Belgium was made by British airplanes on Saturday night. Many tons of bombs were dropped on various objectives. The British airplane returned safely after a battle with German machines, one of which was shot down.

## CHAMBER OF COMMERCE SAYS, "BUY AT HOME"

In justice to our local merchants, who we feel deserve your support, we present for your consideration some actual facts.

One of the stock arguments of the mail order house is that "We sell our merchandise at such a small profit that it will be a big saving for you to trade with us." The mail order house does not tell you that its profits are made selling a class of merchandise that your local merchants could not handle and repeat sales, nor does the mail order house call your attention to the fact that it does not pay taxes in your county to help support your churches or schools nor to build roads, neither does it care to have you reminded that it does not employ anyone in your community or buy anything from your farmers and it is equally concerned that you be not reminded that it does not extend you credit or trust you for anything. As a matter of fact the mail order house does not want to see your local merchants prosper which is equal to saying it does not want to see your town build up and prosper. It has no interest in you or your community whatever. All it wants is your money and it wants that in advance even before you see its merchandise. These are just a few of the reasons why these mail order elvish center destroyers should be left along by all of us.

## THOUSANDS OF VETS AT ENCAMPMENT

Confederate Vets Attend Session Held by Yanks—Governor McCall of Massachusetts Formally Welcomes Veterans to State.

Boston, August 20—Thousands of veterans of the civil war and their families, here to attend the fifty-first national encampment of the grand army of the republic were officially welcomed to the city tonight by Governor McCall and Mayor Curley. Other speakers were Former Governor John L. Bates, commander-in-chief; W. J. Patterson, of Pittsburgh, and Department Commander Daniel E. Denny, of Massachusetts.

A conspicuous figure among the Union soldiers today was a man in Confederate gray — Major Frank M. Burrows, now in the government service at Washington, but formerly of the Culpepper Minute Men. Major Burrows, hale and hearty at 78 years, was apparently the only Confederate soldier at the encampment. Several organizations affiliated with the G. A. R. held meetings today. The national association of patriotic instructors, at the opening of the fifth annual convention today, adopted resolutions favoring enactment of laws by congress naming "The Star Spangled Banner" as the national anthem and designating June 14 as annual flag day in recognition of the making of the first American flag by Betsy Ross in Philadelphia, June 14, 1777.

Tonight the Sons of Veterans conducted a class initiation.

## SOLDIERS IN SCHOOL

Miss Ora Smith, teacher at Needmore, has 18 pupils at her moonlight school. Eleven of them are under the conscript law and are learning how to read and write before they become soldiers in khaki. If anybody doubts the good of the campaign waged to banish illiteracy from the ranks of the soldiers, let them follow the reports in The Times from the various schools from time to time. Some may not realize it, but a great work is being done by the Barron county teachers to banish illiteracy from our midst and from the ranks of the soldiers-to-be.—Glasgow Times.

## C. & O. NORTHERN WILL BE OPEN FOR BUSINESS OCTOBER 1

It is now believed that the new C. & O. Northern will be opened for business October first. Twelve new mail engines have been received for use on the road.

The opening of the road will mean much more work for Superintendent Harris and his assistants. The work in the local C. & O. office has been rapidly increasing for the past several months.

## TEACHER'S EXAMINATION

An examination will be held at the High School building Saturday, September 1st, for those desiring to teach in the Maysville Public Schools. The examination begins at 8:30 a. m.

W. J. CAPLINGER, Superintendent City Schools.

## GLAZIER GETS APPOINTMENT

A dispatch from Washington City says W. L. Glazier of Newport, who is Maysville's city engineer, has received his appointment as Major of Engineers in the Reserve Corps of the United States Army.

## WILD SCENES

In Huntington Township Yesterday Shortly After Saloon Opens For Business—Rock Almost Hit Lady As She Was Driving Through in a Buggy.

The first saloon ever to operate in Huntington Township, Ohio, near Aberdeen, opened for business yesterday afternoon. Quite a few very thirsty individuals were present when the saloon opened and in a short while all had milled freely and many of them were in fighting moods. It is reported by one of the good citizens of Brown county that whiskey and beer bottles were scattered over the river road and that the sounds of revelry were to be heard for considerable distance.

About 7:30 last evening Mrs. Walter Caron had a narrow escape from injury when driving through Huntington Township. When a short distance from that place Mr. John Boone got in the buggy with her and told her that he would drive for her as there was much disorder in the village. When they arrived in Huntington a fight was in progress in the middle of the road and a rock thrown by one of the contenders came through the back of the buggy and narrowly missed hitting Mrs. Caron in the head.

The people of Aberdeen, Huntington Township and the surrounding neighborhood are much wrought up over the conditions as they existed the first day of the saloon. It is predicted that when the election takes place in September the township will go dry by a big majority.

## MEMBERS OF DRAFT BOARD SENTENCED TO PRISON TERMS

New York, August 20—With two former members of the draft exemption board number 99 in this city sentenced to two years each in the federal prison at Atlanta, Ga., after they had pleaded guilty to charges of conspiracy to obstruct the selective draft law, federal attorney announced late today that speedy justice would be sought in the case of Kalman Guher, a dentist, indicted as an alleged "go-between." The government charged that Guher arranged with drafted men for payment of money in return for false exemption certificates.

Louis I. Cherney and Dr. A. S. Bernfeld are the former members of the board who pleaded guilty.

KENTUCKY DRAFT MEN TO BE  
READY SEPTEMBER 6

Lexington, Ky., August 20—Kentucky will have her men ready by September 6, for the call to active service in the new national army. General J. Tandy Ellis said that except in the instances of a few counties, where the exemption machinery was working slowly, that the men were being enrolled in splendid fashion.

General Ellis' office has been filled with exemption and draft work since the registration began, and a clerical force of twenty-five is now busy with certifications and other work. The men drafted will all be ordered to report to the district boards, and will be sent from them direct to the cantonment site, General Ellis says. The Adjutant General believes that there will be no delay in getting the first number of men in camp by the specified date.

MASON OVERSUSCRIBED IN THE  
"THIRTY THOUSAND"  
CAMPAIGN

The campaign for \$30,000 for school equipment for Kentucky's 30,000 illiterate soldiers is still in progress in a few counties, and the results cannot be determined until all have finished and reported. The Ninth Congressional District, of which J. W. M. Stewart, of Ashland, is Commander, is in the lead having turned in \$1,650 on its apportionment. Mason, Boyd, Carroll and Marion are counties that have oversubscribed. The largest single contribution, \$100, was from Mr. Theodore Ahrens, a Cleveland, Ohio, man, who has a branch business in Kentucky. Ahrens & Ott of Louisville.

FIFTY MASON COUNTY FARMER BOYS, BETWEEN THE AGES OF 10 AND 18 YEARS TO JOIN OUR

## MASON COUNTY HEIFER CLUB

Believing that the future progress and prosperity of Mason County depends upon the continuing development of its Agricultural interests and the business efficiency of our future Farmers, with the hope of being able to aid in those directions, we have decided to organize a Heifer Club for the Farmer Boys of Mason County.

ABOUT THE FIRST OF SEPTEMBER, 1917, we are going to purchase Fifty Grade Shorthorn Heifers, about eight months old and weighing about 600 pounds, which we will distribute among the first fifty Mason County Farmer Boys, between the ages of 10 and 18 years, that apply for and agree to care for same and that can execute a bankable note covering the cost of the Heifer, which note shall be payable in the fall of 1918.

The Heifers will be bought by expert cattlemen connected with the Extension Service of the State College of Agriculture and be distributed among the boys by lot. Each boy will be given the same chance to make good, and required to become a member of the Mason County Boys' Agricultural Club and to care for the Heifer under the directions of the County Agent; to have the Heifer bred to a pure bred Shorthorn Bull, this fall, and to have her and her offspring ready for public exhibition and sale in the fall of 1918.

You will not be expected to put up a cent of money now; but, you must properly care for the Heifer and pay for it later and all the increase and profit will be yours.

About \$100 will be given away in prizes to the boys getting the best results, with their Heifers, at the exhibition to be held in the fall of 1918. For full particulars call at Bank or see Mr. E. F. Boyd, Jr., County Agent, at once, as we want to close entries to the club by September 1st. We are anxious to help boys that are willing to work and learn.

## RECRUITING AND THE SECTIONS

It is interesting to note the sections of the country from which have come most of the 183,000 voluntary recruits bringing the regular army up to its full strength of 293,000. As recently reported, not one Southern State had yet filled its quota—although Florida and Kentucky were expected to do so—while all the large Northern commonwealths with the exception of Ohio had furnished the required men. New York, Pennsylvania and Illinois have contributed almost a third of the 183,000 new regular army soldiers, all having exceeded their quotas, as also have Massachusetts, New Jersey, Indiana, Michigan, Nebraska, California and other Western States. Apart from the South the poorest showings have been made by Maine, New Hampshire, Vermont, Arizona, New Mexico, North Dakota and Wisconsin, the last named possibly being handicapped by a large pro-German element.

Why northern New England and parts of the West were so neglectful of patriotism's call does not appear, but in the case of the South there is at least a partial explanation. Brave old Confederates must be far from satisfied with the South's showing, but they can point to the fact that the number of eligibles in the Southern States was greatly reduced by the decision not to accept negroes for the regular army wherein the separate negro regiments are already full. It is noticeable that Southern States with a large white majority have made a much better showing than those in which the races are more nearly equal. In the case of the army raised by selective conscription there is no such handicap, the blacks of the South being drafted as well as the whites.

## AN INEXCUSABLE TAX

"Food control" with Mr. Hoover as administrator is now a certainty and the people may confidently expect at least a measure of relief from the burdens which private greed has placed upon them. The prospect of reform is a reminder that proper food control in war time, or in peace for that matter, will not be complete until the tax on oleomargarine is taken off, a tax of ten cents a pound for the benefit of the dairy interests which comes out of the pockets of the people in the form of an addition to the price they pay for this innocent and nutritious article of commerce. This tax has no justification in times of peace and is nothing less than a crime under present conditions.

We export millions of pounds of edible oils made from cotton seed and peanuts which foreigners turn into imitation butter "as good as any Elgin brand," according to the exports, and sell it to the people untaxed at a low price. In this country the same excellent imitation butter is taxed ten cents a pound and its manufacturers must pay an annual license fee of \$600 and give bond for \$500. The dealer also is subject to a heavy license fee, and all these taxes in the interest of the butter trust must be paid indirectly by the public. In consequence Americans consume only one and a half pounds of oleomargarine per capita annually, while the Danes, for example, consume 44 pounds. Will Mr. Hoover as food administrator find it necessary to appeal to the dairy interests to permit Congress to take off this tax, or can Congress be induced to act freely and of itself?

## LAW AND TIPPING

According to a decision of the Supreme Court of New York, tips are nothing less than wages in law. The State Industrial Commission made an award to the dependent of a taxicab driver (who was killed) on the basis of earnings of \$17.10 a week, although his salary was \$12 a week, the evidence showing that his tips averaged \$5.10 a week. In upholding the award the court held that "both the person paying and receiving" a tip "realized that it is a part payment of the wages which the employer compels the person served to pay," and further: "The custom and the manner in which the payment of tips is enforced and practised leads inevitably to the conclusion that in substance the tips received are a part of the wages of the employee from the employer as a part recompense for services rendered."

It is indeed "realized" pretty generally that the person served is too often "compelled" to pay in tips for tolerable service, but it has not hitherto been recognized that the employer had a legal or even a moral right to force his patrons to pay—in addition to the charge on the bill, any part of the wages of his employees. If tipping is to become legal, the amount should be fixed and appear on the bill.

## HOME-READING COURSE FOR CITIZEN-SOLDIERS

(Issued by the War Department and all rights to reprint reserved.)

This course of thirty daily lessons is offered to the men selected for service in the National Army, as a practical help in getting started in the right way. It is informal in tone and does not attempt to give binding rules and directions. These are contained in the various manuals and regulations of the United States Army, to which this course is merely introductory.

### LESSON NO. 8. MARCHING AND CARE OF FEET.

(Preceding Lessons: 1. Your Post of Honor. 2. Making Good as a Soldier. 3. Nine Qualities of a Soldier. 4. Getting Ready for Camp. 5. First Days in Camp. 6. Cleanliness in Camp. 7. Your Health.)

The new soldier seldom understands how important it is for him to learn to march and to develop his muscles so that he can easily carry his arms and equipment. "Marching constitutes the principal occupation of troops in campaign." (Infantry Drill Regulations, paragraph 623.) Modern trench warfare in Europe has for the time being reduced the amount of marching required in campaign; yet it remains just as important an element in the soldier's training as it ever was.

In order to march for long distances the soldier's feet must be in good condition. "The infantryman's feet are his means of transportation." Special attention should be paid to the fitting of shoes and the care of the feet. Marching shoes should be quite a little larger than shoes for ordinary wear. "Sores and blisters on the feet should be promptly dressed during halts. At the end of the march feet should be bathed and dressed, the socks and if practicable the shoes, should be changed." (Infantry Drill Regulations, paragraph 627.)

You will learn in time the practical rules for taking care of your feet that are followed by experienced soldiers. You will avoid considerable discomfort, however, if you learn some of these rules now and put them into practice from the very beginning.

1. See that your shoes are large enough. They will at first look and feel unnecessarily loose. This is needed because it has been found that feet swell and lengthen on marches, especially when carrying packs. But shoes fitted this way will give you no corns, bunions, blisters, or other foot ills. In fact, they will cure any that you may already have.

2. Take pains to keep your shoes in good condition. It is a good idea to apply a light coat of neat's-foot oil, which will both soften the leather and tend to make them waterproof. Don't neglect to smooth out wrinkles in the lining of the shoe. "Break in" new shoes before wearing them on long marches.

3. Wear light woolen socks, such as will be issued to you. See that you have no holes or wrinkles in them. If a hole has been worn and can not be mended at once, change the sock from one foot to the other so that your foot will not be irritated more than is necessary.

4. Keep your feet, socks and shoes clean. When on the march try to

be no pressure on any of the soft parts

of the body. You will march most easily if you keep your body erect and do not permit yourself to slouch or sway from side to side.

When the command is given to halt and fall out for a few minutes loosen your pack and rest back on it in a sitting and lying position. If possible, lie with your feet higher than the head, so as to let the blood flow out of the legs into the body and rest your heart. During the first few halts you may not feel tired, but rest as completely as you can anyway. Look forward to the end of the march and try to handle yourself so that you will be strong and fresh at the finish.

At the first halt it is well to readjust the pack or any part of the equipment not entirely comfortable. If your shoes or leggings are laced too tightly, this is the time to loosen them. A cheerful attitude is one of the best aids to a soldier on a trylag march. Sighing and whistling on the march is usually not only allowed but encouraged. They help wonderfully to make the long road seem shorter.

These are all very simple rules, but kept from their own hard experience; none the less important. Keep them in mind. Some men never learn except it is expected of the men in the National Army that they will have the good sense to see the value of these suggestions and to apply them from the very beginning.

Correspondents will please give facts as briefly as possible. When anything of great importance occurs use the Telegram or the Telephone at our expense.

### Helena

A large crowd attended the funeral of Mrs. William Brown Saturday. Mrs. Rosa Allen of Carlisle, who came to be at the bedside of her sister, Mrs. William Brown, was taken very ill and was unable to attend the funeral.

Mr. James Gaywood returned to his home at Burlington, Ky., Sunday after having been here to attend the funeral of his aunt, Mrs. William Brown.

Mr. John Allen of Richmond, Ky., returned home after being at the bedside of his mother, Mrs. Rosa Allen. He was accompanied home by his cousin, Robert Allen Cook.

Mr. Frank Higgins and Miss Lou Burris returned to their home at Richmond, Ky., this morning.

Much interest is being taken in the projected meeting at the Mill Creek Christian Church being conducted by Rev. Agee.

Mrs. W. S. Tully is shopping in Maysville today.

Rev. McClure, pastor of the M. E. Church, will preach his last sermon before Conference next Sunday.

Mrs. James Stone and children of Maysville are visiting relatives here.

Mrs. Anna Peed and daughter, Miss Elizabeth, are the guests of her son, Mr. Frank Peed.

### QUARTER MILLION HORSES ARE SLAIN

London, August 18—"I have lately come into possession of authentic information on the waste of horse-flesh—writes the editor of Truth, 'and it is calculated to excite the greatest horror and indignation.' Leaving out Mesopotamia and Africa outside Egypt, he writes that more than 250,000 horses have died during the war up to about the end of May and in addition 30,000 have been sold owing to old age and disease. He continues:

"The most significant fact of all is

### CRYING FOR HELP

Lots of It in Maysville But Daily Growing Less.

The kidneys often cry for help. Not another organ in the whole body more delicately constructed; Not one more important to health. The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous. There can be no health where there is poisoned blood.

Backache is one of the frequent indications of kidney trouble.

It is often the kidney's cry for help. Read what Doan's Kidney Pills have done for overworked kidneys.

Read what Doan's have done for Maysville people.

Mrs. E. Sphar, E. Second and Walnut Sts., Maysville, says: "Whenever I have heard anyone complain of their kidneys, I have never seen Doan's Kidney Pills fail to help them. I have been greatly benefited by them myself. At times, my back has ached and I have suffered from lameness through the small of my back. When I have been in that way, I have used a box or so of Doan's Kidney Pills, which I get at Chanalar's Drug Store. They have always quickly removed the trouble."

Mrs. Sphar is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you—don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Sphar had, the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back Is Lame—Remember the Name."

that 33,000 animals have died in America while awaiting shipment while 6,000 have died at sea in the course of transit. Here we have 39,000 animals purchased for military purposes, not one of which has been available for that purpose owing to their previous disease. In this is presumably to be found the explanation of the greater part of the scandal—namely, the culpable negligence, or worse, with which the animals have been bought.

"I am told that some which have survived the Atlantic voyage were found to be over thirty years old. Some are even said to have died upon the gangway at the port of shipment under the exertion of walking aboard."

It may almost be taken for granted that the rate of mortality on this side of the Atlantic has been aggravated by neglect, ignorant borsemanship and to some extent downright ill-treatment. On all these points men who have served at the front can give evidence. I have myself heard many lurid statements on the subject. But the figures show that the root of the whole scandal lies across the Atlantic where the wretched beasts are bought."

Upward of 1,000,000 horses and mules the writer says, have been purchased by the British government during the war, so that more than 25 percent of the animals purchased have died. With regard to deaths of horses or mules, due to "enemy action," he says that in one week, out of more than 5,000 deaths in France, only 118 were due to gunshot wounds—a trifling percentage. About 42,000 of the animals have died in England.

Birds migrating at night average longer flights than the day migrants.

It is perfectly natural for some women to be unnatural.

## HIGHER RATES

(On Profits Sought—New Impetus Comes in Third Week of Debate—Senator King Is Said to be Preparing Substitute Measure for Consideration.)

Washington, August 20—Wide-spread sentiment in the Senate in favor of adding to the total of the war tax bill by imposing higher rates on war profits and income surtaxes, received new impetus today with the opening of the third week of debate. Speeches advocating such increases were made by Senators Johnson, of California; Hollis, of New Hampshire, and Jones, of New Mexico. Tomorrow Senator La Follette is expected to make his address in favor of levying virtually all war taxes upon incomes and war profits. Senator King is preparing to substitute bill providing much higher rates on these sources. No action was taken by the Senate during the day and little progress was made on the bill. After Senator La Follette's speech, however, it is planned to proceed with actual consideration of the income and war profits sections. Leaders have telegraphed all absentees to be present tomorrow though they do not expect final action on the two principal disputes before Wednesday nor passage of the bill before next week.

The finance committee today disapproved invoking cloture but Senator Simmons plans soon to have a day fixed by agreement for a final vote.

## SHERIFF AND COUNTY JUDGE ARRESTED

Russellville, Ky., August 20—Sheriff James S. Taylor, a member of the Logan county exemption board, and County Judge J. W. Edwards were placed under arrest here today by Deputy United States Marshal H. M. Richardson on the charge of conspiring to violate provisions of the selective draft law.

Both were held by United States Commissioner George S. Hardy for examination August 29 and were released on bond of \$5,000 each.

Sheriff Taylor is charged with promising exemption to drafted men in exchange for political support. Judge Edwards is charged with conspiring with him, but the extent of his alleged participation in exemption promises was not disclosed by H. H. Lytleton, special agent of the Department of Justice, who secured the warrants.

Sheriff Taylor has been removed as a member of the draft board and a successor named. He charges his political opponents with causing his arrest. Both he and Judge Edwards emphatically deny the charges.

## OPEN SEASON FOR DOVES

Synopsis of the game law is given below:

**OPEN SEASON ON DOVES**—September 1, to October 15, both dates inclusive.

It is lawful to kill more than fifteen doves in any one day. Some shooters have the impression if they go shooting one day and do not kill the bag limit they can make up this deficiency on the next day, and others think that they can after securing their bag limit assist their friends in securing their bag limit, both of which are violations.

**SQUIRRELS**—It is lawful to kill squirrels from July 1, to December 15, both dates inclusive. Heretofore the squirrel law closed on the 15th day of September and opened again on November 15th, and ran to February 1st of the following year, but this was changed by the last Act of the Legislature.

**UNLAWFUL TO HUNT** except on their own land without license. License good only during the year in which issued.

## DEFENSE COUNCIL PLANNING A WEEK

Louisville, Ky., August 20—J. D. Crenshaw, of Cadiz, chairman of the Finance Committee of the National Council of Defense, has begun active work in raising subscriptions of \$100 from each county in the State for the purpose of carrying out the program adopted at the meeting of the members of the county committees of the National Council of Defense at the Seelbach Friday and Saturday of last week. There was pledged at the meeting \$2,550 by twenty-four counties and two individuals, and it is expected this will be increased to approximately \$12,000. The two individual subscribers were W. H. Dixon and J. B. McFerran, of Louisville.

The plan of the council is to set apart the last week in September, during which there will be speeches in various parts of every county in the State for the purpose of arousing the public to a full realization of the seriousness of the war and the individual responsibility for its successful prosecution.

## PREPAREDNESS!

Being prepared was the object I had in view when making the large purchases of unusually GOOD QUALITY FURNITURE for my fall and winter trade. Among the first to arrive and now being placed on sale are DAVENPORTS, DUOFOLD SOFA BEDS and DAVINET SUITS.

A large, comfortable Davenport, made of solid oak, and a full-sized Mattress, priced from \$28 to \$35.

A Duofold Sofa Bed, covered with Genuine Chase Leather, with a large 25-pound Petted Mattress, priced for only \$26.85.

A Davinet Suite, consisting of Davinet Bed and Mattress and a large, roomy, comfortable Chair and Rocker to match, priced from only \$38 to \$65.

MUST BE SEEN TO BE APPRECIATED.
